It's a safety education program designed to introduce ALL types of safety conditions to 4 and 5-year-old children. They do this by role-playing to simulated and actual life situations (under the guidance of teachers). Urban Photo Safari

Let Annette take you on an exciting Urban Photo Safari! You and your fellow campers will head out into the urban wild armed with your cameras and an assignment. But first, you will learn how to use your point-and-shoot camera and what some of those settings mean. After our equipment review it'll be off to the wilds of the Ottawa streetscapes and alleyways to see what we can discover while viewing the seemingly normal world around us from a different point of view. Campers will be encouraged to look beyond everyday items to discover interesting textures and light patterns. What happens when we look at something from a new perspective? Day two will start with a review of what we have learned so far before heading out again on a scavenger hunt. After two days of shooting it will be time to edit our assignment down to our best images and select those that will be printed. Day three will include a critique. This is a chance for everyone to show off their best images and for the campers to discuss them. Also we will talk about what everyone has learned. The photos will then be displayed at an art show at the studio later in the summer (included in cost). Each session limited to 12 campers. Mail-in registration recommended. **Students must bring their own digital cameras with clean memory cards and charged and extra batteries.**

Please use street parking only for drop-off and pick-up.

Professional Level Instruction Soccer Camp

Gordan Raketic, the director of our upper level camp, played professional soccer for 18 years in Europe with teams in Slovenia, Austria, Spain and France. His distinguished career included several runs in the European Champions League, advancing as far as the semifinal round on three separate occasions. After moving to the US, he has trained and coached youth soccer mainly in Wisconsin and Illinois, achieving success at the State and National levels. A large part of that process is instilling the love for the game, a fact to which countless players under his tutelage will give testimony.

Ottawa Recreation is excited to offer this high level of soccer camp instruction. A camp taught by an internationally renowned teacher of Gordan's caliber might cost over \$100 in some settings. Ottawa Recreation is proud to be able to offer this camp at a fraction of the cost. **Camps include both boys and girls. Players will be divided into age appropriate groups each day at the camp.** Players should wear proper shoes, shin guards, athletic shorts and shirts.
